Spray Paint Technology

Learn not to forget

It seems that nature has finally found a way to slow down the aggressive advance of human development. Perhaps we have not yet understood that the world would find a way to survive with or without the human race. With this in mind, we may come to realize that ecological issues should concern us: not only for a matter of respect for nature and other living beings, but also for our own good.

We are forced to address the tiring issue of the pandemic for several reasons. Not only because it is the most important historical phenomenon in recent decades, but also because of the direct influence it has had on all companies in the world, obviously including Montana Colors. In the face of the uncertainty caused by the waves of infections and their consequent restrictions, making even something as simple as planning vacations impossible, the usefulness of something as basic as a catalog could be questioned.

If this new reality has served for anything, it is to value aspects of life that we had previously taken for granted. Things as fundamental as the fragility of human health, freedom of movement and, above all, contact between individuals. Now converted into privileges, have become accustomed to a tedious isolation that is evident on different physical and emotional levels.

Something else we have recently assimilated is the true importance of art. We have all been able to see how artistic creation - generated by others or made by ourselves - is the most effective refuge to preserve the human emotions that allow us to enjoy life. It is the fuel that keeps the flame of humanity burning.

The next step on this ladder of learning may be the most difficult of all: learning to live together in these recurring confinements, whether they be bureaucratic, health related or simply emotional; without losing hope of returning to what was considered normal.

We may be able to continue shopping, however we maintain the desire to return to the bustle of the high street: to recover the experience of face-to-face commerce, entering a store and feeling the characteristic smell of their products, received by the warmth of a sage shopkeeper.

We strive to maintain the illusion of feeling loved without physical affection, enjoying music without going to a concert or dreaming of new places without visiting them. All the while, saving up the desire, energy and strength we'll need to make the most of these possibilities when they present themselves, like never before.

MTN 94

MTN 94 is probably **the most versatile aerosol on the market**. Thanks to its extensive color range and quick drying ability it is the perfect tool for practically any type of creative work that requires a matt finish.

It's never before been so easy to paint with an aerosol.

Its smooth valve system makes 94 an extremely easy aerosol paint to use. Its ability to dry quickly prevents drips and also allows for almost immediate repainting.

One of the most important aspects of the 94 range is its wide array of high opacity colors. The ample selection will make it easy for you to find the optimal tone to suit your needs.

The spirit of 1994. 94 was born in 2008, offering a high quality aerosol paint at a more competitive price. It was presented as a matt alternative to the classic MTN Hardcore cans, providing a more precise performance and a wide array of pastel colors.

Its name makes reference to the birth year of Montana Colors, 1994, reaffirming the pioneering nature of the brand and the paradigm shift that this product represents in the spray paint world.

217 Colors · 400 ml

Matt paint · Synthetic paint

High coverage · Fast drying

HARDCORE

The format that revolutionized the world of graffiti is constantly evolving to adapt to market demands. Thanks to the experience of Montana Colors, Hardcore incorporates the cutting edge development in the world of aerosol paint, becoming one of the best performance gloss spray paints on the market.

A universe of colors. With the newly extended collection, which completes some color ranges and restores other discontinued tones, the color list reaches 142.

The tool par excellence in the world of graffiti, boasting rapid drying, durability of color and a resistant finish, making this spray the perfect product for domestic, industrial or artistic uses that require high quality paint.

More than just a spray paint, it's an attitude. Hardcore is the classic Montana Colors product. Taking its name from the sensation of power when used with a fat cap, the 400 ml size which debuted in 1996 as an aerosol format that adapted perfectly to the needs of writers, and which has established itself as the standard measure in the world of graffiti.

WATER BASED 300

MTN Water Based 300 is a revolutionary water-based paint spray. Its handy 300 ml format and its low odor make it the perfect tool for studio or indoor work. In addition and due to its composition, it is an incredibly versatile paint that may be utilized with various techniques.

Be water, my friend. MTN Water Based 300 was created in 2014, inaugurating a new era and taking a step forward towards a generation of aerosols that are more innocuous to the senses. Specifically designed for doing art and studio work, the graffiti community discovered the advantages of a practically odorless aerosol paint that's optimal for all types of interventions which require minimum olfactory impact.

The cornerstone of a family of products. MTN Water Based 300 is the flagship product of the Water Based range; a family of creative tools by Montana Colors that includes markers and paints with the same formula, specifically designed to complement one another.

WATER BASED 100

The Water Based 100 ml range is made up of 18 colors in a compact size that facilitate use by less experienced hands.

Their great ergonomic design owes to their small dimensions and provides all the same advantages as the rest of the Water Based family of products: non-toxic paint, maximum intensity colors made with high quality pigments, low odor, mixable colors, high coverage, and rapid drying.

The Water Based 100 range that also comes in pack formats are the perfect tool for craft workshops and school activities. The can size and quantity of high covering paint make it a perfect fit for doing group activities.

18 Colors · 100 ml · Finest quality
Odorless · Indoor & outdoor use
Matt finish · Water based paint

MEGA PLATA / MEGA COLORS

Mega Plata 600 ml
A 600 ml, chrome spray paint with an intense gloss finish. Mega Silver is very fast-drying and uses the power of its valve to discharge the paint at a high velocity, leaving behind a fat line with the ideal coat of paint. In the case of Mega Plata, you can cover an area of 9.60 m² and paint 18 cm diameter outlines with a Hardcore Fat Cap. In fact, the design of the can includes a life-sized example of what a sprayed dot from a Mega Silver looks like.

600 ml · Gloss paint · Very fast drying · High pressure · High coverage

1 Color.

Plata / Silver EX0160123	☆☆☆☆
-----------------------------	------

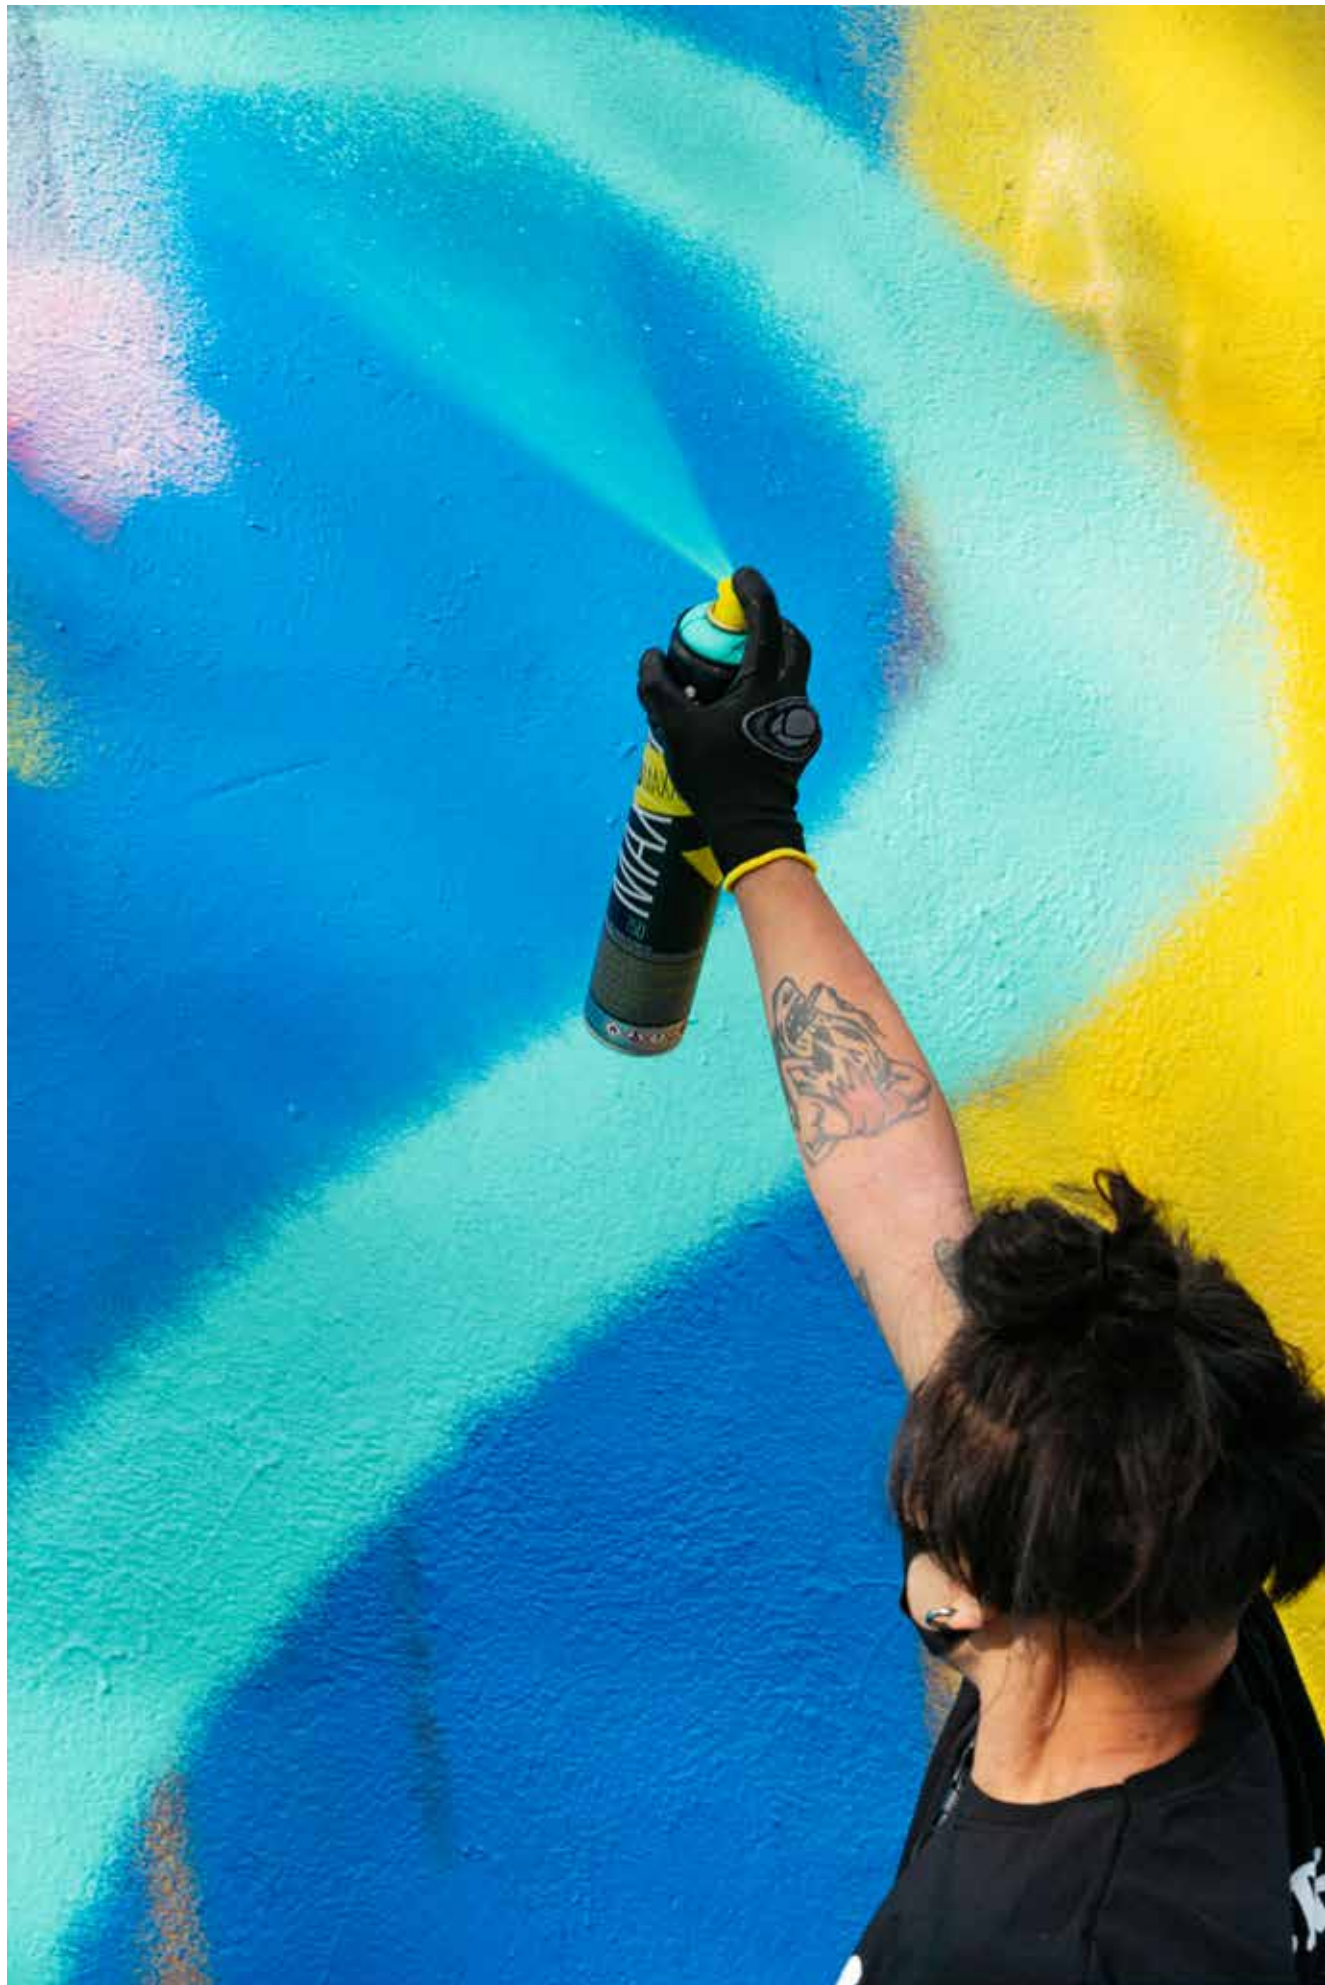

Mega Colors 600 ml
Mega Colors are the evolution of the classic Montana Colors Mega can. This paint possesses practically the same properties as Hardcore but comes in a 600 ml format. That means not only a greater quantity of paint, but also a more powerful spray output that projects a much wider outline due to its valve system.

20 colors · 600 ml · Gloss paint · High pressure
High coverage · High powered. High speed painting and drying.

MADMAXXX

MTN MAXIMO'S Big Brother. The 750 ml format MAXIMO range expands with MADMAXXX, a revolutionary, 25 - 30 cm wide, dense, chiseled line spray paint.

Specially designed to fill large surfaces at an unprecedented speed, MADMAXXX is also useful for painting gigantic typography, thanks to its powerful transversal line.

Controllable Power. Two components in this spray paint have been optimized to result in maximum power: the valve flow and the cap. Adjustments to the formula offer a dense paint that prevents running and drips, and it is so quick-drying that it may be painted over after seconds. Its easy-to-use valve is also suitable for outlining large shapes with precision.

In addition, the paint is 100% compatible with the rest of the Montana Colors spray paints.

750 ml · 2G "Silver Killer®"
Male valve · Very high pressure

MTN PRO

It's never been so easy to be professional.

Montana Colors brings its expertise in spray paint technology to new areas where the effectiveness and ease of use in this format are required.

The name MTN PRO encompasses a new line of aerosol products that cover a wide range of paints, varnishes and special products for specific uses.

It is a high quality product range that provides professional and practical solutions within sectors as diverse as DIY, crafts, industrial maintenance and automotive or nautical industries, thus completing the Montana Colors product portfolio.

Montana Colors is a brand with great artistic sensibility that was born to facilitate creation. The MTN PRO provides it with unique new features such as the incorporation of pictograms as indicators for the uses of the product.

Our interest in helping the consumer to use MTN products has led to the inclusion of specific information for use on each label, and a QR code allows for easy access to the technical and safety features and tutorial videos comes as standard.

USING SPRAY PAINT

1. The surface to be painted must be clean, dry and totally free of grease or dust.
2. Protect your working area from airborne paint overspray and splatters. Use gloves and a mask during prolonged jobs.
3. Shake the can vigorously until you hear the mixing ball for at least one minute.
4. Gently press down on the nozzle to release the paint in the valve onto a testing surface.
5. For filling in surfaces we recommend the aerosol being in the most vertical position possible. Apply in various thin coats from a distance of 15-20 cm.
6. If you wish to paint sharp, controlled lines, reduce the distance from the surface by a few centimeters. Painting closer to the surface leads to greater line definition and paint build-up.
7. Perform tests with different nozzles to find out what kind of line and thickness are perfect for your needs.
8. Once finished applying the paint, we recommend cleaning the nozzle by turning it upside down and pressing the cap until only gas released.
9. Store your spray cans in a cool and dry place.

Shake

PRIMERS AND VARNISHES

Acrylic Varnish 400 ml

Acrylic spray varnish made with solvent-based thermoplastic acrylic resins. Ultra-fast drying, its main function is to protect and protect different surfaces. It can be applied for indoor and outdoor use on a multitude of materials in order to increase surface protection in three finishes: glossy, satin or mat. Different finishes can be obtained depending on the number of layers applied. Completely transparent and does not yellow.

3 Finishes.

Acrílico Satinado / Satin Acrylic EX014PR0909	Acrílico Mate / Matt Acrylic EX014PR0920	Acrílico Brillo / Gloss Acrylic EX014PR0908
--	---	--

Synthetic Varnish 400 ml

Synthetic spray varnish that works as a very fast drying alkyd (synthetic resin) protector. Available in a glossy satin and matte finish. Due to its characteristics, we recommend it for wood, although it is also suitable for varnishing a multitude of surfaces, taking into account that it has a tendency to yellow. Great resistance to weathering.

3 Finishes.

Sintético Satinado / Satin Synthetic EX014PR0904	Sintético Mate / Matt Synthetic EX014PR0907	Sintético Brillo / Gloss Synthetic EX014PR0900
---	--	---

2K Two-Component Varnish 400 ml

Highly glossy 2-component polyurethane varnish with a great resistance to gasoline and other chemicals. Excellent resistance to the elements and humidity. It can be applied on most surfaces and two-coat paint systems. It is designed as a top coat to protect and enhance painted surfaces: machines, automotive parts, industry, decoration and where a high-performance varnish is required. It does not turn yellow. For professional use only. Contains isocyanates. The use of a mask is mandatory.

2 Finishes.

Brillo / Glossy EX014PK900	Mate / Matt EX014PK907
-------------------------------	---------------------------

Glitter Varnish 400 ml

Quick-drying, water-based varnish that reflects an iridescent sparkle effect on a multitude of surfaces: iron, steel, plastics (even polystyrene), wood, etc. As it does not contain solvent in its formulation, it can be used indoors and in poorly ventilated spaces, so it is highly recommended for arts and crafts.

3 Finishes.

Plata / Silver EX014PG008W	Oro / Gold EX014PG009W	Multicolor EX014PG010W
-------------------------------	---------------------------	---------------------------

Water Based Varnish 400 ml

Varnish based on polyurethane dispersion resins. Its odorless, water-based formula with environmentally friendly low toxicity makes it ideal for application in indoor spaces with little ventilation and allows the protection and improvement of any surface including polystyrene (porexpan) without yellowing. It can be applied to a multitude of materials in order to increase its surface protection and, at the same time, give a homogeneous finish. Available in gloss, satin and matte. Indoor or outdoor use.

3 Finishes.

Brillante / Gloss EX014PW0900	Mate / Matt EX014PW0907	Satinado / Satin EX014PW0904
----------------------------------	----------------------------	---------------------------------

Anti Rust Primer 400 ml

A quick drying primer made with acrylic resins and corrosion inhibiting pigments (zinc phosphate). Its highly anticorrosive power makes it essential as a preliminary layer to protect any iron surface.

2 Finishes.

Gris / Grey EX014PR0115	Rojo / Red EX014PR0131
----------------------------	---------------------------

Teak Oil 400 ml

A blend of natural oils and resins specially chosen to nourish and enrich outdoor wood. Its effectiveness is outstanding thanks to its exclusive raw materials that give it extraordinary benefits. Ideal for the maintenance and renovation of porous woods and garden furniture, especially teak, ipé and other exotic and tropical woods without varnishing; renovating its brightness, texture and color. In addition, it combats dryness and graying in woods exposed to the sun and protects them from stains and dust.

Colorless.

Aceite para teca / Teak Oil EX014PR1052
--

Plastic Primer 400 ml

A clear primer that provides a base layer necessary for the subsequent painting of PP plastic surfaces (EPDM). Formulated with a base of special additives that provide the dried paint with extraordinary adhesion to PP (polypropylene) modified with EPDM and other plastics (Write to our technical department if in doubt).

1 Finish.

Imprimación Plásticos / Plastic Primer EX014PR0914

Wash Primer 400 ml

A gray anchoring primer with excellent adhesion to galvanized, electrozinc steel or aluminum and other types of polished metals. Specially designed as a preliminary coat for the subsequent painting of garage doors, shutters, aluminum frames and copper pipes. It can be used as a primer for nylon 6 plastic surfaces, carbon fiber, epoxy, polyester, acrylate, PVC, PC and ABS. Thanks to its characteristics, the product also offers good anchoring properties on surfaces already painted with polyester-type paints (aluminum frames) or 2k epoxy after sanding.

1 Finish.

Gris / Grey EX014PR0133

Matt White Base Primer 400 ml

Matt white paint made of solvent-based acrylic resin with great covering power. It is used as a preliminary, base coat, for subsequent painting of fluorescent, photoluminescent or very vivid colors on dark backgrounds. This high quality paint, can also be used as a finishing coat for countless applications that require its characteristics: DIY, crafts, industry, etc.

1 Finish.

Imprimación Fondo Blanco / Matt White Base Primer EX014PR0910
--

DECORATION AND CRAFTS

Metallic Paint 400 ml

Metallic effect paint that provides a uniform shiny finish. Various attractive metallic shades result when light is shone on the painted object.

Its multiple uses include decoration and the automotive industry, in addition to the vast possibilities in the field of crafts.

High durability paint, good adhesion and high resistance to weathering. 100% varnishable.

9 Colors.

Rojo / Red EX014PR3032	Violeta / Violet EX014PR4001	Aluminio / Aluminium EX014PR9006
Verde / Green EX014PR6035	Azul Oscuro / Dark Blue EX014PR5026	Oro / Gold EX014PR1036
Azul / Blue EX014PR5025	Negro / Black EX014PR9011	Oro Rosado / Gold Pink EX014PR1000

Fluor Paint 400 ml

Fluorescent paint in three brilliant and hypnotic colors providing high luminosity in natural light, visible from a distance. The pigment is also sensitive to black light (UV) and appears to glow when illuminated with this type of light.

The product is especially recommended for DIY, crafts, fine arts and emergency vehicles. We also recommend its use as marking paint for surveying, construction and mining.

To obtain a more effective finish, we recommend first applying a coat of MTN PRO White Background Primer before varnishing with MTN PRO Acrylic Varnish or 2K Varnish.

3 Colors.

Amarillo / Yellow EX014PR0600	Verde / Green EX014PR0604	Rojo / Red EX014PR0602
----------------------------------	------------------------------	---------------------------

Chrome Effect Paint 400 ml

Paint designed to give a metallic chrome finish to any type of surface.

Its perfect finish offers a great aesthetic effect and is indicated for plastic, artistic and decorative work.

It has a low resistance to weathering and contact, so it is recommended for tasks where these qualities are not required. Cannot be varnished.

3 Finishes.

Plata Cromada / Silver EX014PR0101	Oro Cromado / Gold EX014PR0102	Cobre Cromado / Copper EX014PR0103
---------------------------------------	-----------------------------------	---------------------------------------

Bathtub & Tile Paint 400 ml

White paint with a satin finish developed with epoxy resins, ideal for retouching or repainting surfaces such as bathtubs and tiles in one product.

Its high resistance to water and excellent adhesion make this product your best ally for bathroom or kitchen refurbishment, optimally renewing any porcelain or ceramic surface.

The product is only available in white.

1 Finish.

Blanco / White EX014PR0015

Radiator Paint 400 ml

Satin finish paint that is ideal for painting and repairing radiators - up to a resistance of 100°C - due to its hardness and color stability.

The product is available in non-yellowing white, neutral gray and beige, facilitating the integration of radiators in all types of home decoration, from the most classic to the most modern and creative.

3 Finishes.

Blanco / White EX014PR0020	Gris / Grey EX014PR0021	Beige / Beige EX014PR0022
-------------------------------	----------------------------	------------------------------

Rust Effect Paint 400 ml

Fast-drying, textured decorative acrylic paint that gives a rusty metal appearance to all types of surfaces. Ideal to achieve an aged look for home decorations, crafts, and garden projects or shop displays.

1 Finish.

Efecto Óxido / Rust Effect Paint
EX014PR0017

Granite Effect 400 ml

Decorative paint that gives a stone or granite appearance to surfaces such as metal, plastic and glass. Ideal for decorating interior items. In the case of decorations of objects located outside, it is advisable to add a protective varnish to improve durability.

1 Finish.

Negro / Black
EX014PR0014

Marble Effect 400 ml

Decorative solvent-based acrylic paint that gives a marble appearance to all types of surfaces. Thanks to its characteristics, it can be applied to metal, plastic, tiles, glass or other paints.

The paint has an excellent opacity and expands on the surface by means of fine threads of colored lacquer, simulating the "veins" of marble.

Though ideal for interior and exterior finishes, it is advisable to add a protective varnish to improve its resistance. The product can be perfectly combined with other MTN brand products such as 94, Hardcore, Water Based or MTN PRO Color Paint.

The product is available in black, white, gold and silver, meeting the majority of creative needs in DIY, Fine art and public urban art.

4 Finishes.

Blanco / White EX014PM9010	Negro / Black EX014PM9011	Plata / Silver EX014PM0101	Oro / Gold EX014PM0102
-------------------------------	------------------------------	-------------------------------	---------------------------

Glass to Mirror Converter 400 ml

Decorative paint especially designed to turn glass into a mirror.

The product must be applied on the opposite side of the surface to be transformed and later backed with a black layer.

1 Finish.

Convertidor de Vidro en Espejo / Glass to Mirror Converter
EX014PR0700

Frosted Glass Effect Paint 400 ml

Decorative paint that gives a translucent white appearance to all types of glass and transparent surfaces such as methacrylate.

This paint is useful for painting the windows of bathrooms, medical offices, changing rooms and other places where privacy is needed. The result, which mimics the effects of acid on glass, is resistant to subsequent daily cleaning.

1 Finish.

Vidrio Esmerilado / Frosted Glass Effect
EX014PR0410

Home Appliance Paint 400 ml

Paint composed of high quality acrylic resins, special pigments and additives that give it a perfect finish.

Due to the characteristics of the product, we recommend it for touch-ups and painting of electrical appliances as well as their accessories.

It boasts good adhesion to most metals and plastic materials.

2 Finishes.

Blanco / White EX014PR0905	Inoxidable / Stainless EX014PR1110
-------------------------------	---------------------------------------

Anti-Slip Lacquer 400 ml

Transparent lacquer that provides a grainy film that helps prevent falls and slips when applied to any type of surface.

Formulated with high quality acrylic resins, it is especially suitable for floors and stairs. Resistant to humidity and wet environments.

1 Finish.

Antideslizante / Anti-Slip Paint
EX014PR1070

Heat-Resistant Paint 400 ml

Anticaloric paint fundamentally formulated based on silicone resins and special thermoset pigments to provide resistance to temperatures of up to 690 - 700°C.
Designed for parts or surfaces subjected to different stages of thermal shock such as stoves, boilers, exhaust pipes, engines or fluid conduits.

2 Finishes.

Plata / Silver EX014PR0203	Negro / Black EX014PR0201
-------------------------------	------------------------------

Contact Adhesive 400 ml

Film-forming adhesive with strong immediate contact adhesion of the two surfaces to be joined.
Formulated from adhesive resin mixed with aliphatic solvents, it provides high tensile power.
In addition, its valve system has an adjustable diffuser in 3 positions, making this aerosol a product adaptable to different applications, from vehicles to home DIY.

1 Finish.

Adhesivo Contacto / Contact Adhesive EX014PR0801

Repositionable Adhesive 400 ml

Special adhesive for layout and composition work, since it allows multiple replacements during planning work.
Provides instant, secure and repositionable joins that do not become brittle over time.
It is transparent, does not wrinkle, does not stain and does not yellow over time.

1 Finish.

Adhesivo Reposicionable / Repositionable Adhesive EX014PR1086
--

MONTANA COLORS PRODUCTS

Erasable Chalk Paint 400 ml

Fast drying water based paint with high opacity and matt finish. Developed for temporary markings on non-porous surfaces such as construction, sporting events, film decoration, children's games, temporary decorations, and so on. Perfect for situations that require spray paint that can be easily removed later with pressurized water.

Contact resistant. Does not crumble. To remove the paint, rub with a damp cloth or apply pressurized water.

10 Colors.

Amarillo Claro / Light Yellow EX014PC1021W	Magenta EX014PC4010W	Negro / Black EX014PC9011W	Plata / Silver EX014PC0126W
Naranja / Orange EX014PC2004W	Azul Eléctrico / Electric Blue EX014PC0030W	Acrílico Brillo / Gloss Acrylic EX014PR0908	Oro / Gold EX014PC0127W
Rojo Claro / Light Red EX014PC3020W	Verde Valle / Valley Green EX014PC6018W		

Chalk Board Paint 400 ml

Black paint for chalkboards that also turns any surface into a blackboard.

Designed to convert the wall of a store, restaurant or a domestic room into a convenient and fun blackboard wall that you can decorate using our MTN PRO Erasable Chalk Markers.

1 Finish.

Negro / Black EX014PR0601

Luminous Paint 400 ml

Solvent-based paint composed of photoluminescent pigments that quickly charge with light to then shine in total darkness over a long period of hours. Ideal for signaling evacuation routes, emergency signs, tunnels, parking lots, decorative items and security spaces. It is also very useful for painting fishing lines and lures to create luminescent bait.

The effect is long lasting. An optimum light effect is obtained when applied on white surfaces. We recommend a final varnish with MTN PRO Acrylic Varnish.

1 Finish.

Pintura luminiscente / Luminous Paint EX013PR0950
--

Water Based Luminous Paint 150 ml

A water-based paint composed of photo-luminescent pigments that quickly charge with light and shine in total darkness over several hours. Ideal for signaling evacuation routes, emergency signs, tunnels, parking lots, decorative items and secure spaces.

The effect is long lasting. The maximum light effect is obtained when applied to white surfaces. We recommend a final varnish using MTN PRO Acrylic Varnish.

1 Finish.

Pintura luminiscente / Luminous Paint EX013PW0950
--

Reflective Paint 150 ml

A 150 ml aerosol containing paint formulated with special resins and pigments that allow a light to be reflected back to the source. Its reflective power makes it ideal for road markings or for any other situation where the lack of light requires a reflective object or sign. Reflective paint works perfectly on most surfaces (metal, plastic, glass, wood and stone) and on any other surface where permanent reflective marking is required. Gray finish.

1 Finish.

Reflectante / Reflective EX013PR0400

Anti-Stain Paint 500 ml

White paint formulated with high quality acrylic resins, together with titanium dioxide and special additives. The result is a matt paint with high covering power, perfect for covering humidity, smoke and grease stains on walls and ceilings in a fast and durable way, creating a film barrier that prevents the stain from reappearing. Due to the characteristics of the product, we recommend its use as a base coat or as a final finish where a matt finish is required. 100% paintable with emulsion paint.

1 Finish.

Antimanchas / Anti-Stain Paint EX015PR0987

Godelé 400 ml

Paint formulated with an exclusive polyurethane dispersion which easily and simply imitates the effect of godelé (a decorative technique that imitates raindrops on glass). Ideal for renewing and repairing this type of stucco. The product can be applied on a multitude of surfaces such as concrete, plasterboard, wood and so on. It can be painted with all kinds of wall paints.

1 Finish.

Blanco / White EX014PG100

Seal-Coating 400 ml

Rubber-based paint, designed to seal leaks or small cracks in roofs, cement, metal or plastic pipes and PVC pipes in general. Creates a flexible, waterproof layer that protects and waterproofs all types of surfaces.

3 Finishes.

Negro / Black EX014PM002	Blanco / White EX014PM001	Rojo / Red EX014PM003
-----------------------------	------------------------------	--------------------------

FINE ARTS

Matt Fixative 400 ml

Matt transparent lacquer developed to fix and protect against dust, humidity and contact of artwork on paper using different artistic techniques, preferably dry, such as pastel, charcoal, pencil and graphite. Provides a matt finish without altering the color, as it does not yellow.

1 Finish.

Laca Fijadora Mate / Matt Fixative EX014PR0998

Gesso Primer 400 ml

White primer ideal for fine arts and crafts. Convert and prepare surfaces such as fabric, wood, plywood, cardboard or concrete into a canvas for application of different techniques later. Increases the adhesion to the surface and acts as a sealant, covering the pores and optimizing the amount of paint to be used.

1 Finish.

Imprimación Gesso / Gesso Primer EX014PR0500

Canvas Varnish 400 ml

A product designed as a final coat to protect oil and acrylic paints against humidity, grease, UV rays, dust, contamination and contact, allowing the work to maintain its properties without yellowing or cracking. Very fast drying through evaporation. Available in different finishes: glossy, matt and satin. For varnishing oil paints, allow for complete drying before using the product.

3 Finishes.

Brillante / Glossy EX014PR1076	Satinado / Satin EX014PR1077	Mate / Matt EX014PR1078
-----------------------------------	---------------------------------	----------------------------

OTHER FINISHES

Anti-Corrosive Enamel Paint 400 ml

High gloss enamel paint that can be applied directly to rust, avoiding the work of sanding and removal of the rust.

It has great drying speed and high color retention even outdoors, offering a perfect finish.

Due to the characteristics of the product, we recommend its use for touch-ups and painting of all kinds of ferrous materials.

3 Finishes.

Negro / Black EX014PR0991	Blanco / White EX014PR0989	Verde / Green EX014PR0992
------------------------------	-------------------------------	------------------------------

Galvanized Zinc Paint 400 ml

Very fast drying acrylic-vinyl paint, formulated with high quality resins and zinc and aluminum powder pigment.

Perfect for painting machinery of all kinds, as well as iron structures that require almost immediate handling after being painted. It provides surfaces with a galvanized metallic appearance, suitable for touch-ups of damage to parts treated with galvanic systems, also highly protective in marine and industrial environments.

Available in three finishes.

3 Finishes.

Galvanizada en frío, Zinc Matte / Cold Galvanized Matt Zinc EX014PR0106	Zinc Brillante - Plata Galvanizada / Gloss Zinc - Galvanized Silver EX014PR0107	Zinc Claro / Light Zinc EX014PR0114
--	--	--

Stainless Steel Paint 400 ml

Antioxidant coating formulated with acrylic resin and high-purity stainless steel metallic pigments.

With excellent resistance to weathering and extreme temperatures (300°C), this product serves as a protective finish for rough stainless steel surfaces. It can be painted over with most of the paints normally used and the surface can be varnished 60 minutes after its application.

1 Finish.

Inoxidable / Stainless Steel EX014PR0110

Forging Effect Paint 400 ml

Synthetic solvent paint that offers a rough finish thanks to its natural micaceous iron oxide particles.

Apart from the iron appearance, this synthetic enamel has excellent anticorrosive power.

Due to the characteristics of the product, we recommend it for touch-ups of all kinds of materials, whether industrial or domestic. Its finish is ideal on structural steel; gates, metal fences, welding joints, street lamps, fountains and all kinds of urban furniture.

2 Finishes.

Negro / Black EX014PR0117	Gris / Grey EX014PR1009
------------------------------	----------------------------

Zinc 99% 400 ml

Fast drying zinc-rich primer with a matt appearance and characteristic zinc gray color.

Especially suitable for the protection against corrosion of metallic surfaces such as fences, tanks, weld joints, galvanized parts, industrial vehicles, coastal facilities, railway equipment, and so on.

1 Finish.

Gris / Grey EX014PR0108

AUTOMOTIVE

Grey Filler Primer 400 ml

One-component "filler" high build intermediate primer made with modified nitro-alkyd resins that allow excellent recoatability.

The product is applicable to primers, polyester putties or directly on sanded sheet metal to achieve a filling and leveling effect on the surface. Its use is ideal for the industrial and automotive sectors. For professional use only.

1 Finish.

Gris / Grey
EX014PR0954

MONTANA COLORS PRODUCTS

MTN PRO SPECIALTY PRODUCTS

Textured Bumper Paint 400 ml

Paint formulated with high quality nitro-combined resins and with a textured finish.

Its use is recommended for the automotive industry and especially for painting granulated plastic bumpers. It can be repainted.

2 Finishes.

Negro / Black
EX014PR1041

Gris / Grey
EX014PR1042

Aluminum Rim Paint 400 ml

Very fast drying thermoplastic acrylic enamel formulated with very high quality resins, to give a renewed appearance to car rims or where a high quality finish similar to aluminum is required. Especially suitable for industry and for vehicles.

1 Finish.

Aluminio Llantas / Aluminium rim paint
EX014PR0120

Brake Caliper Paint 400 ml

Specific paint for the brake calipers of cars. It has a special resistance and durability with easy and safe application.

This product is designed for painting, decorating and customising the brake calipers of all types of cars, especially sports cars. Resistant to temperatures of up to 110°C.

4 Finishes.

Amarillo / Yellow
EX014PB001

Rojo / Red
EX014PB002

Azul Eléctrico / Electric Blue

EX014PR0203

Negro / Black
EX014PR0201

Metallic Paint 400 ml

Metallic effect paint that provides a uniform shiny finish. Various attractive metallic shades result when light is shone on the painted object.

Its multiple uses include decoration and the automotive industry, in addition to the vast possibilities in the field of crafts.

High durability paint, good adhesion and high resistance to weathering. 100% varnishable.

9 Colors.

Rojo / Red EX014PR3032	Violeta / Violet EX014PR4001	Aluminio / Aluminium EX014PR9006
Verde / Green EX014PR6035	Azul Oscuro / Dark Blue EX014PR5026	Oro / Gold EX014PR1036
Azul / Blue EX014PR5025	Negro / Black EX014PR9011	Oro Rosado / Gold Pink EX014PR1000

Multi-Purpose Vinyl Coating 400 ml

Matt paint that, once dried, becomes a removable (peelable) protective layer. Developed for the protection and customization of objects, it is also weather resistant.

It can give a “grip” effect to the painted surface due to its “soft touch” characteristic.

Ideal for the protection of metals, glass, plastics (PP, PVC, etc.) or any non-porous surface, offering excellent removability. On porous surfaces the removability of the paint can be more difficult or impossible. We recommend carrying out a previous test before executing the final work, in order to check its removability and that the required characteristics are effective.

Apply five or six thin coats to achieve a sufficient thickness, allowing approximately 5-10 minutes for the paint to dry between coats until a noticeable appearance of the film is obtained.

6 Finishes.

Liquid Vinyl Permanent Primer 400 ml

A primer that converts MTN PRO Multi-Purpose Vinyl Coating paint into permanent paint, making its removal difficult or impossible.

The MTN PRO Multipurpose Vinyl Coating must be applied first on the surfaces that are to be preserved with the “Soft Touch” finish.

Once applied, it eliminates the characteristic removability of MTN PRO Multipurpose Vinyl Coating.

Colorless.

Imp. permanente para vinilo líquido / Liquid vinyl permanent Primer EX014PV0201
--

INDUSTRY

Solvent 400 ml

A mix of universal solvents suitable for cleaning fresh paint stains on non-porous surfaces. Its rapid evaporation and high degreasing power also provides degreasing properties. It also works as a cleaner for oily and greasy liquids.

It is used to prepare surfaces before being painted as well as to clean painter's brushes and rollers in a fast and convenient way. For dried paints, greater quantities of the product will be necessary. Very useful for cleaning and unclogging blocked paint spray nozzles by placing them on the solvent spray valve and pressing until clear.

Colorless.

EX014PR0802

Paint Stripper 400 ml

Chloride-free removal product, suitable for effortless removal or cleaning (stripping) of dry paint on a multitude of surfaces.

Prepare or clean surfaces so they can be painted effectively. Ideal for restoring objects and furniture.

Colorless.

Decapante / Paint Stripper
EX014PR1054

MONTANA COLORS PRODUCTS

MTN PRO SPECIALTY PRODUCTS

Multipurpose Oil 400 ml

An oil with great lubricating and penetrating properties, achieving spectacular results for unlocking seized parts. Lubricates joints and eliminates noises.

An excellent protection against humidity.

Capable of eliminating short circuits caused by moisture and helps to start wet engines.

Colorless.

Aceite Multiusos / Multipurpose Oil
EX014PR0948

White Grease 400 ml

Spray grease that lubricates and has anti-rust properties.

When applied in spray form, it penetrates the interior of the mechanisms effectively, guaranteeing perfect and complete lubrication. Reduces wear, thanks to PTFE (Teflon), increasing the life of the treated parts as well as the performance of transmission systems.

Its use extends to bearings, chains, guides, cables and hubs as well as hinges, locks, guides, elevator bearings and mechanisms in general.

Colorless.

Grasa Blanca / White Grease
EX014PR1067

Ethyl Alcohol 70% 100-400 ml

A hydroalcoholic solution specially designed for cleaning surfaces of all kinds, including glass, metal and plastics such as methacrylate; from the steering wheel of the car and other plastics for the interior and exterior of vehicles, helmets and visors, household furniture and office elements such as tables, computer screens or mobile phones. The product is used to easily clean surfaces of residues such as grease, ink stains, paint and the remains of glue from stickers. The 100 ml container is ideal for taking in hand luggage on airplanes.

2 Formats.

Alcohol Etílico / Ethyl Alcohol - 100ml
EX013PR0003

Alcohol Etílico / Ethyl Alcohol - 400ml
EX014PR0003

Air Duster 400 ml

A powerful spray that effectively removes dust and dirt from technical, mechanical and electronic equipment. The product can treat large surfaces such as screens and can also reach hidden parts thanks to its special nozzle.

Designed to clean the inside and outside of electronic and mechanical devices such as computers, keyboards, printers, music equipment, televisions, photocopiers, bill counters, photo and video equipment, office equipment and so on, extending their useful life where cleaning is essential for proper functioning.

Colorless.

Aire Comprimido / Air Duster
EX014PR0016

SIGNAGE / MARKING

Road Signage Paint 750 ml

Alkyd enamel that can be applied in an inverted position to enable the painting of road markings. Ideal product for the indoor and outdoor marking of road works, road markings, parking lots, industry, space delimitation and construction. For line marking we recommend using it with the marking carriage (MZ0000060). The reflective effect can be achieved by adding glass microspheres before completely drying.

2 Colors.

Blanco / White EX017PR0426	Amarillo / Yellow EX017PR0425
-------------------------------	----------------------------------

Paint striper cart

The road marking machine allows easy and simple drawing of straight lines on paved surfaces. It includes the possibility of modulating the width and length of the stroke.

It works with our marking spray (EX017PR0426) and other brands that work with the same valve.

MZ0000060

Marking paint - Reverse 500 ml

Solvent acrylic paint whose revolutionary design works with a 360° valve that allows the paint to be applied by placing the can in any position. It is a paint composed of high-quality thermoplastic acrylic resins and copolymers, specially designed for marking. The product is designed for applications that require an attractive temporary (3 month) marking: public works, topographic markings, geological studies, mining, construction and industry in general and wood.

7 Colors.

Amarillo / Yellow EX015PR 0402	Rojo / Red EX015PR0404	Verde / Green EX015PR0436
Naranja / Orange EX015PR0433	Fucsia / Fuchsia EX015PR0405	Azul / Blue EX015PR0437

Blanco / White EX015PR0400

INSTRUCTIONS FOR USE **1.** Shake can before use. **2.** Remove safety piece from plastic cap. **3.** Invert can to paint 180°.

Sports Marking 75 ml

A white foam aerosol, designed for temporary marking. Its main utility is to signal free kick locations and wall limits in team sports competitions, especially soccer, although due to its characteristics it can be useful in different types of situations.

With a high water content and a mixture of additives, it is specially designed for temporary signage (minutes) on sports fields of any type, such as grass, cement or other materials.

1 Finish.

Blanco / White EX19P11124

PRE-FILLED CARTRIGES REFILLS

Prefills

Refillable spray with packaging machine. For professional use only.

Pre-filled with gas and solvent (For solvent-based paints)

Pre-filled with gas. (For universal use)

Pre-filled with gas and alcohol. (For water-based paints)

3 Options.

Precargado Disolvente / Prefill Solvent EX014PR000C
Precargado Gas / Prefill Gas EX014PR0000
Precargado Base Agua / Pre-filled with Gas and Alcohol EX014PR0000A

Filling Machine

A pneumatic machine for the packaging of aerosols, with a simple, fast and safe system. Compatible with 400 ml pre-filled aerosols, with a maximum paint fill of 100 ml per load. Measures 69 cm.

MZ1000109

Teflon

MZ0000095

Machine Cup

MZ0000097

Consult our technical data sheets!

All information for each one of our MTN PRO products: Product features, theoretical performance in m2, safety data sheet. Is available for download online (PDF)

The machine works with a 7 bar air compressor (not included).

Check with your sales agent for operating instructions, installation, and on/off positions, as well as for maintenance and safety instructions.

USING SPRAY PAINT

1. The surface to be painted must be clean, dry and totally free of grease or dust.
2. Protect your working area from airborne paint overspray and splatters. Use gloves and a mask during prolonged jobs.
3. Shake the can vigorously until you hear the mixing ball for at least one minute.
4. Gently press down on the nozzle to release the paint in the valve onto a testing surface.
5. For filling in surfaces we recommend the aerosol being in the most vertical position possible. Apply in various thin coats from a distance of 15-20 cm.
6. If you wish to paint sharp, controlled lines, reduce the distance from the surface by a few centimeters. Painting closer to the surface leads to greater line definition and paint build-up.
7. Perform tests with different nozzles to find out what kind of line and thickness are perfect for your needs.
8. Once finished applying the paint, we recommend cleaning the nozzle by turning it upside down and pressing the cap until only gas released.
9. Store your spray cans in a cool and dry place.

tramontana

Tramontana Magazine - the official Montana Colors magazine - has offered a unique vision of the international graffiti and new contemporary art scene since 2018.

The chance to take a break, a deep breath and reconnect to yourself. The touch, the smell and the sight of a quality paper publication doesn't mean going backward; it means a return to a noble and legitimate medium that disseminates information, culture, past and present values, in a permanent format.

Taking care of every last detail, the journal offers new points of view and deeper content, with production values that mirror the quality of the content.

What's more, this knowledge and experience is available for free, without barriers, just like graffiti and mural art in pu-

blic spaces. The defining characteristics of these popular art forms are shared by Tramontana Magazine, guaranteeing a reach to huge audiences.

An object of desire, an act of responsibility and commitment to the worldwide artistic scene, available as a gift to your clientele **today!**

Format: 210 x 260 mm
Pages: 180
Distribution: 20,000 copies
available internationally

MTN CAPS / BUCKETS

Formats for storage and transport of MTN Caps.

The **1000 unit bucket** is designed for shops.

This format makes it easy to identify each cap model, keep control of the stock and have them organized at all times.

The **120 unit bucket** is the ideal format for your customers for storing their favorite caps at home in an organized manner. The buckets are comfortable to transport, reusable and stackable.

17 different caps.
1000 / 120 units buckets

These sizes are for orientation and are presented here in scale to one another.

All caps are compatible with all of our spray paints. Experiment with the application distance to find the ideal outline thickness to suit your needs.

Skinny Caps

Caps that project a limited paint flow. They allow for thin lines to be applied with precision, making spray paint easy to use for any type of user.

PACKS OF 5 CAPS

Five cap packs for different needs:
paint and varnish small or large surfaces with more or less detail.

Fat, medium and skinny outline pack that includes all the outline sizes.

1. Preparation and shaking

Before you begin we recommend cleaning the surface to be painted of all grease and dust. Then, shake the can vigorously until you hear the sound of the mixing ball bearings.

2. Painting

It is always best to apply two thin coats than one thick coat. When painting lines, speed control and the distance from the surface being painted are essential.

3. Cleaning

After use we recommend turning the can upside down and pressing the spray nozzle until the can releases clear gas.

Did you know?

With the help of the **MTN PRO Solvent** spray, you can recover dirty and partially clogged nozzles. Simply place the nozzles on the can as if you were going to paint with them, and press down. The solvent will clean their interior and leave them ready for use again.

Standard

Contains caps for painting and and varnishing small, medium and large sized surfaces.
SPAT1036

Pocket Cap

Fine lines.
1.0 in / 2,5 cm ø.

Thin Outline

Suitable for painting and varnishing small surfaces, lettering and small details.

COLUMN DISPLAY

This practical modular wall display allows for storing the most well-known marker and marker accessory products by Montana Colors in an orderly and visible fashion including: Water Based Markers, Technical Markers, 94 Graphic Markers, Dabbers, Street Paint, Street Ink, Liquid, Refills, Books, Tips and the Protective Gear Line.

Combining the six different modules offers infinite options, allowing for each retail outlet to be able to adapt them to their specific needs.

The solid metal structure includes shelves and hooks that are designed to perfectly fit our products **and create the right combination to provide maximum visibility for the items displayed.**

The shelf for storing markers can be adapted to all the available models and the cap holder box fits 120 units.

The model and size labels on each marker shelf help in easily and quickly identifying all of the products displayed.

Column Display Accessories

Base structure: 50 cm wide; 201 cm tall; 38.5 cm deep.

WATER BASED PAINT

Montana Colors presents a water-based marker range and refill cartridges that are ideal for artwork, crafts and fine arts. They are fully compatible with our Water Based spray paint, as well as with most fine arts products (acrylics and solvent-based Montana Colors aerosols).

Water Based Paint 200 ml

The highest quality paint that's useful for much more than refilling because it may be applied using any technique, such as paint brushes, Dabbers, airbrush, etc.

All colors are mixable with one another and may be diluted with water to achieve glaze effects. Components can be cleaned with water while they are still wet.

Street Paint 200 ml

Developed exclusively in the Montana Colors laboratories from the best components, its excellent opacity and fluidity make this product ideal for filling Dabbers and markers.

EXG01103 + Color

Characteristics:

- Very fast drying.
- Glossy finish.
- Good opacity.
- Very good resistance to the sun and rain.
- Color durability.
- Good resistance to UV light.

MONTANA COLORS PRODUCTS

STREET PAINT

Street Markers Paint

High opacity paint marker.

12 colors (2 metallic ones) that will meet the needs of the most demanding writers due to their high fluidity, opacity, and resistance.

Its valve system allows for excellent paint flow control and helps to avoid overflowing and spills.

Its simple, easy to use design, allows you to open the marker for refilling and changing the tip if necessary.

Round 10 mm tip (2 colors) and 15 mm tip (12 colors).

Street Dabbers Paint

Felt tip marker filled with solvent-based paint. This tool's versatile nature allows it to be used with any type of painterly technique or application.

Thanks to its lack of a valve, with the MTN Street Dabber you can achieve quick, smooth lines on a multitude of surfaces.

Its solvent base provides fast drying, permanent results similar to that of spray paint. You can make the most out of its drips and opacity right from the start.

Available in 10 colors similar to those from the Hardcore color range. 30 and 90 ml

TECHNICAL MARKERS

9 different ink markers in different formats.

Especially designed for outlining.

The Technical Markers are a high opacity ink marker range with different characteristics. They are especially designed for outlining, drawing and writing, and are available in a variety of different tip formats and widths.

Fineline 1 Black
 High-precision black fineline with a 1.0 mm tip.
 The FINELINE Technical Marker 1.0 is a high pigment, intense black technical fineline specially designed to work perfectly even over silver or gold inks and paints. They do not contain lead or aromatic solvents.

Fineline 1 Silver
 Silver fineline with a 1.0 mm tip.
 The SILVER FINELINE Technical Marker is a water-based, silver pigment ink fineline with a 1 mm tip. They do not contain lead or aromatic solvents.

Fineline 1 Gold
 Gold fineline with a 1.0 mm tip.
 The GOLD FINELINE Technical Marker is a water-based, gold pigment ink fineline with a 1 mm tip. They do not contain lead or aromatic solvents.

Characteristics:

- Water-based pigmented ink.
- 1.0 mm.
- Water resistant.
- UV resistant.
- Non-fading.

FINELINER

High-precision black fineliner with chrome, tubular tip of various tips. The FINELINER Technical Markers 0.1 / 0.3 / 0.5 / 0.7 mm are water-based, intense black technical fineliners. The fluidity provided by their chrome, tubular tip and their high pigment ink make them perfect technical fineliners for outlining, drawing and writing. They do not contain lead or aromatic solvents.

Characteristics:

- Water-based black ink.
- Chrome, tubular tip.
- UV resistant.
- Non-fading.

BRUSH

The BRUSH Technical Marker is a high pigment black ink marker, specially designed to work perfectly even over silver or gold inks and paints. Its brush tip allows you to modify the width of the line, making it possible to vary between 1 and 3 mm. They do not contain lead or aromatic solvents.

Characteristics

- Water-based black ink.
- Brush tip.
- UV resistant.
- Non-fading.
- Silver Killer®.

CALLIGRAPHY

The CALLIGRAPHY Technical Marker is a high pigment black ink marker, specially designed to work perfectly even over silver or gold inks and paints. Its 1 mm wide, 3 mm thick tip allows you to easily do calligraphic style lettering. They do not contain lead or aromatic solvents.

Characteristics

- Water-based black ink.
- Chisel tip.
- UV resistant.
- Non-fading.
- Silver Killer®.

STICKERS WTF

Sticker and marker packs available in 3 different iconic models that are based on classic labels such as: "Hello my name is" and the United States Postal Service label.

The stickers are permanent and customizable, and are suitable for exterior use because of their strong adherence to multiple surfaces and their excellent resistance to water. Removing them is almost impossible: they break up into little pieces!

You can add to them, sign your name or draw with the mini marker.

The perfect pack for leaving your mark on the street!

Presentation

Limited Editions come in an individual wooden case signed by the artist.

PANDORA

A Montana Colors spray can with a secret compartment

We present a very special spray can. On the outside it is simply a common Hardcore spray can, but on the inside, instead of paint it contains a secret compartment to hide small objects which are best kept out of sight from prying eyes.

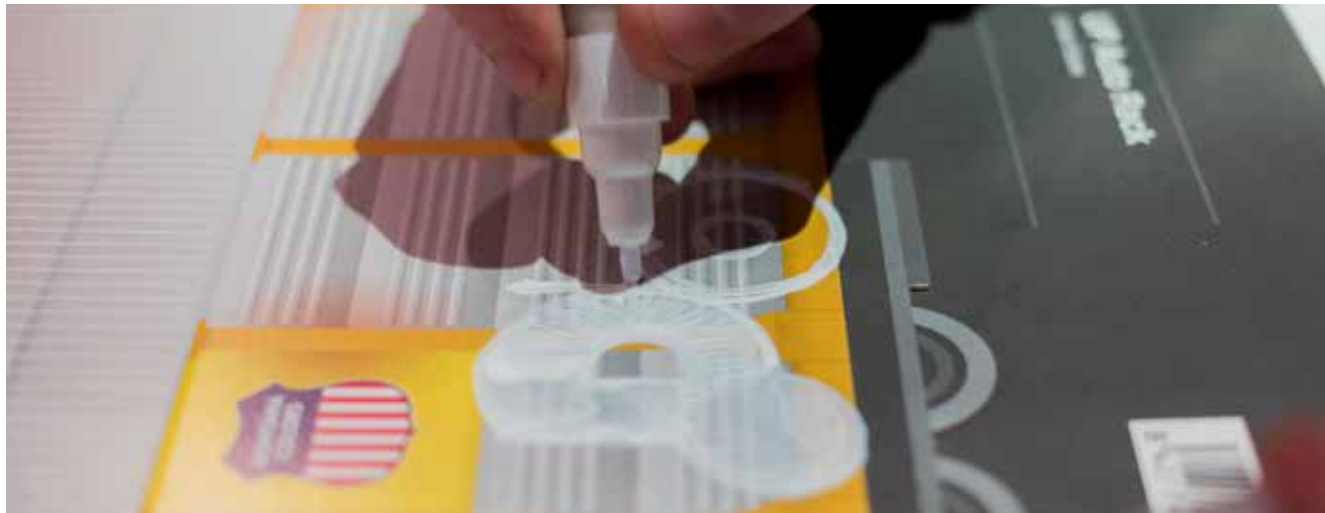

Produced in Europe from a genuine Hardcore spray can, Pandora is deceiving not only because of its looks, but also because of its weight and the click-click sound it makes, causing it to go totally unnoticed even when handled.

Features:

- Realistic appearance and weight.
- Original spraycan components Spacious container.
- Hermetic seal.
- Water resistant.

EX014H000

MTN SYSTEMS

Worldwide Systems laid up in your house.

Since the beginnings of graffiti, trains have been the preferred surface for many writers. Now we have the opportunity to paint them comfortably on a reduced scale.

MTN Systems are miniature subway cars printed on firm, high quality cardboard that you can assemble and paint. These replicas of the most popular subway and train systems in the world allow you to practice your sketches, reproduce historical pieces or simply enjoy your creations while emulating the spirit of the original type of graffiti.

Comfortable, practical and easy to carry.

Miniature train carriages to paint and hang. Printed on very rigid and sturdy cardboard, reproducing an image of the most popular metro systems and trains from around the world.

You can practice your outlines, reproduce historic pieces or simply enjoy your graffiti on them.

Characteristics:

- Can be quickly and easily painted.
- Ideal for Water Based markers, brushes and spray painted backgrounds

Dimensions:

45.5 x 10.5 x 9 cm. (assembled)
69 x 47 cm. (unassembled)

MTN BOX

Montana Colors offers solutions to graffiti writers and artists by creating new products and perfecting existing tools. The MTN BOX is a stackable, plastic box designed for transporting and storing spray cans at home, in your studio or in the trunk of your car. In addition, its solid structure allows it to be used as a step to gain up to 40 cm in height. When filling the box with 400 ml spray cans, the extra space is perfect for adding gloves, caps, and other tools.

Characteristics:

- Minimum capacity: 20 spray cans.
- Compatible with all Montana Colors spray cans.
- Recycled plastic.

SPAT1047

MTN PUZZL6

What would you do with a 31.5 x 31.5 cm cardboard box? How about a few more? Think about it: a square shaped object, six sides, six possibilities!

What if we put several of them together to create **an economical, light, recyclable object that's easy to assemble. You can create your own wall or structure.**

What would you be capable of doing with it? We give you the idea, and the next step from here is for you to unleash your imagination. There are infinite possibilities and we'd be thrilled to see them: #MtnPuzzl6

Characteristics:

Lightweight and easy to carry. 6 paintable sides.
100% structure recyclable.

80 x 80 cm.

40 x 40 cm.

MCPUZZL6

MCPUZZL6B

WALL TO WALL

99% Graffiti Pleasure

A miniature brick wall to create and present your best art. Each wall is handmade, unique and gives you the feeling that you're painting your work on a real wall in the streets.

You can use MTN spray paint or markers, plus join multiple walls together and get your whole crew involved!

PROTECTION AND SAFETY

MTN Protective face mask

The MTN Washable Protective Face Mask is a reusable lightweight mask made of water repellent and antibacterial fabric. Designed to protect from the infiltration of bacteria, the structure of the fabric allows for easy breathability.

- Made in Barcelona
- Soft black fabric.
- One size.
- Does not irritate the skin.
- Elastic fastening straps
- Wash cycles: 30 washes at 60°C.

SPPR0117

MTN PRO Gloves

MTN PRO Gloves are technical, high quality, reusable gloves made of nylon and polyurethane that protect the hand from paint stains without causing you to lose tact or precision. Specially developed to insulate the hand in low temperatures while at the same time allowing the skin to breathe.

Available in 3 sizes:

Size M: SPPR3501101 Size L: SPPR3501102 Size XL: SPPR3501103

Nitril Gloves

The MTN Nitril Gloves are high quality, disposable gloves made out of nitrile that protect your hands from paint stains without causing loss of tact or precision. They have been specially developed to maintain maximum sensitivity with spray can contact while still being resistant to the solvent's corrosive qualities.

Available in 3 sizes: M, L and XL.

MTN APPAREL

What have you got on?

In the latest drop of Montana Colors apparel you can find accessories that could become basics for your day-to-day outfits. Like the fanny pack to carry your personal belongings and stash in comfort. The caps that will protect you from the elements in a silhouette that best suits your style. And our scarf which is an ethical style statement in addition to neck protection. A t-shirt sporting our favourite new slogan and an elegant black sweatshirt complete the new range of articles that represent our commitment to the purest urban aesthetics. Designed strictly for the street.
